They left their families and friends behind. They honored their commitment to serve. They were willing to sacrifice their lives to protect the freedom that others before them fought to preserve.

The Bettendorf Veterans Memorial is a lasting tribute to the men and women who served our country honorably or who are on active duty. A place of reflection. Pride, and solace, the Memorial was dedicated in 2003. The design features two pentagons that surround a central flag. The inner ring represents the five branches of service and the outer pillars of American black granite bear the names of nearly 1000 service men and women.

Add names of your loved ones, comrades or heroes to this permanent memorial to honor their dedication.
